

# Become a Corporate Donor

Foster care is one of the most compelling and impactful causes your business can support not only to demonstrate social responsibility, but to invest in improving the well-being of the community in which your employees live and work.

## 3 Compelling Reasons To Invest In Foster Care

1. In a world where most topics are divisive, we all still agree that every child deserves a home and a family to care for them.
2. When kids age out of foster care without a family, as more than 20,000 a year do, the pain and trauma continue in a range of other social wounds. (See Graphic.)
3. Foster care is an upstream issue. When we connect kids with supportive families and communities it breaks a generational cycle and creates healthier families for the future.

## Become A Corporate Donor

When you sponsor Tennessee Kids Belong you're helping improve the experiences and outcomes for kids in foster care in three key ways:

1. **Family Recruitment** – We inspire and activate thousands of parents each year to say yes to foster care and adoption.
2. **Community Engagement** – We are building Foster Friendly communities across the state where businesses, faith communities and civic groups wrap around foster families to help sustain them in this important work.
3. **Coalitions for Change** - We help government, business and faith communities work together, collectively improving the conditions for those impacted by foster care.
