

Giving Sunday and Advent Are December 3

3 WAYS TO GIVE KIDS IN FOSTER CARE THE GIFT OF BELONGING THIS YEAR

Is your church planning — or open to — any of the following for November?

- A Sunday dedicated to highlighting National Adoption Month in November and encouraging your congregation to open their hearts and homes?
- Giving Sunday special collection
- Special Advent collection to benefit a nonprofit organization

We'd be honored to partner in any of these initiatives to help remind people of our call to care for widows and orphans (James 1:27) and to help meet a very real need in our state for more foster and adoptive families.

Knowing this is a key season for discipleship and giving for your faith community, rather than suggest another program, we'd like to partner with you and support what you have planned with the resources we can bring.

We Offer Resources To Support You

Here are just some of the resources and tools we can make available to you. We'd love to have a conversation about other ideas you have and how we might support you.

Family Photos Video: We have this video available in different lengths and formats for you to share. It follows three young people from their time in foster care seeking a family thru their adoptions.

Social Media: Our social media team will coordinate with yours to highlight kids in our state who are in foster care and eligible for adoption. We also can share or generate content to support your series focus and/or theme.

Sermon Guide: We have a sermon guide to support your message preparation and provide relevant scriptural references.

Guest Speaker: We'd be delighted to have a member of our America's Kids Belong team either deliver a sermon or make an appeal to your community.

Giving Options

We have the ability to receive your community's gift via check, ACH or online via our GivingFuel donation platform.

For the thousands of children in foster care in our country, the Christmas season is when they most urgently long for, need, and deserve to receive the gift of belonging. Will your church join arms with us this year to give them the gift of belonging?
